NOTE FOR: [REDACTED]
Executive Officer to the DDA

Dear Bob:

25X1A

I spoke to you earlier about the possible need for use of [REDACTED] in May. The programmers had visited the site and feel that this is the only possible location due primarily to radiation aspects of the equipment. Therefore in following up your offer I would ask you to clear [REDACTED] from 15 May through the close of business 24 May. [REDACTED] 25X1A has given us a list of the advanced bookings and also made arrangements to move each of the conferences to the Art Room. There need be no disruption of the schedule except that [REDACTED] 25X1A would not be available for either sleeping or convening meetings. Following is the list of advanced bookings which I would ask that you notify the appropriate people of change of their meeting site:

15 - 16 May	NPIC Director's Conference
17 - 18 May	OF Career Board Meeting
19 May	Credit Union Board of Director's Meeting
21 - 22 May	ODP Conference
24 - 26 May	OTS/CRB Conference
31 - 2 June	ORD Career Board Meeting

25X1A

I'm asking that your office manage this as it would seem to be the easiest approach. [REDACTED] is aware of this and will be providing the information to Mr. [REDACTED] at today's COMMO meeting.

I would like a DDS&T okay that this testing will require the closing of [REDACTED] 15 May to COB, 24 May. If so, I have no problem in notifying the DDA offices using [REDACTED] and the Credit Union Board of Directors that they must meet elsewhere but I would appreciate DDS&T notifying the others, i.e. NPIC and OTS. Also, I am not sure why 31 May to 2 June is included for disruption if the testing is to be completed 24 May.

I am a little puzzled by the comment in the third sentence, that I offered [REDACTED] for use. I was told that this testing was important and that [REDACTED] appeared the only viable sight. I stated, if necessary, for operational requirements, we would do whatever is necessary to make the place available. I would like DDS&T's assurance that indeed it is necessary.
